## **HEALTH CARE AND NURSING AT HOME AND ABROAD: A CROSS-CULTURAL COMPARISON**

**Nursing / Social Work / Health  
Care Administration**

Learn about the differences and similarities between the British, Irish, and American healthcare systems through field trips and activities in London and Dublin at healthcare facilities and historical sites. We'll interact with healthcare workers and consumers and learn about how the education of healthcare professionals compares to the US model. In both countries, we will learn about historical figures that shaped modern nursing and social work that continue to influence health care in the US by visiting sites such as the Old Operating Theatre and Florence Nightingale Museum in London and the Jeanie Johnston Tall Ship & Famine Museum in Dublin.
